Sociocultural Approaches to Language and Literacy: An Interactionist Perspective (Paperback)

By -

CAMBRIDGE UNIVERSITY PRESS, United Kingdom, 2008. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.One of the most crucial areas of education - the development of oral language and the acquisition of literacy - is examined here with an effective combination of theory and practice. The sociocultural perspective is illustrated through descriptions of learning by populations usually neglected in treatments of literacy: American Sign Language Users, second-language speakers and minority students. The book covers a broad range of ages, ethnic backgrounds, locations, and literacy concerns from pre-school to law school. Although the populations and literacy issues are diverse, the book's unity is provided by a broadly shared theoretical framework. As such, Interactionist Approaches to Language and Literacy will be valuable to educators at every level and to researchers in applied linguistics, psychology, adult literacy programs, and English as a second language.

Reviews

This published book is wonderful. It is one of the most incredible book we have go through. I realized this pdf from my i and dad advised this book to learn.
-- Felicia Heidenreich

An extremely wonderful book with perfect and lucid explanations. This really is for those who statte that there had not been a worth reading. Your way of life span will be convert when you comprehensive reading this book.
-- Effie Douglas
