New York University Press, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book. During the height of 19th century imperialism, Rudyard Kipling published his famous poem The White Man s Burden. While some of his American readers argued that the poem served as justification for imperialist practices, others saw Kipling s satirical talents at work and read it as condemnation. Gretchen Murphy explores this tension embedded in the notion of the white man s burden to create a new historical frame for understanding race and literature in America. Shadowing the White Man s Burden maintains that literature symptomized and channeled anxiety about the racial components of the U.S. world mission, while also providing a potentially powerful medium for multiethnic authors interested in redrawing global color lines. Through a range of archival materials from literary reviews to diplomatic records to ethnological treatises, Murphy identifies a common theme in the writings of African-, Asian- and Native-American authors who exploited anxiety about race and national identity through narratives about a multiracial U.S. empire. Shadowing the White Man s Burden situates American literature in the context of broader race relations, and provides a compelling analysis of the way in which literature came to define and shape racial attitudes for the next century.
