Mozart & Reason Wolfe, Limited. Paperback. Condition: New. Merissa Depasse (illustrator). 464 pages. Two diaries: 2 artists, 2 lives, 3 tragedies, 4 mistakes, 5 careers, 6 directions, 7 forms, 8 friends, 11 paintings, 26 animals, 35 lies, and 10,000 nights together. This is an excavation, through journals and letters, of the history of Katherine Chardin and Michael Walter, both artists dedicated to creating meaningful expressions. It chronicles their experience, the surprises and losses, sorrows and joys. Their love develops as they explore their imaginations and capabilities. The first perfect symmetry of love starts to wobble as little flaws develop and things spin faster. Two individuals, on the verge of mental collapse, find each other and love provides them with some stability. But things get distorted, partly because of their values and personalities, and partly because of the distortion and speed of this modern culture that values speed and distortion. They are too afraid to really confide in each other, preferring the safety of the diaries. And the dialogues separate, no longer weaving the same pattern, no longer masking the chaos underlying the words. Having deceived themselves, they search elsewhere for comfort, but each is afraid to leave the other, because of the image of an unbreakable love. Their diaries contain the crucial feelings that they never fully communicated in person. Then their personal dialogue reconnects under tragic circumstances. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
