If the paper is to be presented to your own group of co-workers, and the subject covered by it represents an important phase of their work, or an analysis of some of its underlying principles, then there is a further incentive to do your best, as well as an opportunity for a general discussion which acts as a sieve for the elimination of false ideas and gradual formulation of true conceptions. Lectures on various phases of the work being done by a particular group of people are very important. Papers by the workers themselves are, however, greatest incentives to study and self-advancement. With this view in mind, I suggested the organization of a Tuberculosis Study Circle by the Dispensary Nurses of the Municipal Tuberculosis Sanitarium. The nurses chosen to present...
