

The Metalworker s Workshop for Home Machinists

By Harold Hall

Fox Chapel Publishing, United States, 2013. Paperback. Book Condition: New. 208 x 145 mm. Language: English . Brand New Book. This book presents a complete guide to building or converting a workshop space and then equipping it to serve a wide range of metalworking activities including model engineering, model making, car restoration, and clockmaking. It explains all the essential requirements of the workshop environment: planning, heating and lighting, condensation plus health and safety factors. It then explains in detail the choice of various tools and equipment for differing tasks so the new workshop owner can avoid making unwise purchases. The book is based on a very popular series of articles that originally appeared in the pages of Model Engineers Workshop magazine, and which have been revised for publication in this edition.
