Divine Economy Consulting, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.In More Than Laissez-Faire you will find a new economic model which connects human beings to the world around them. This is done using the methodology of subjectivism, in other words, all humans make subjective decisions that lead to the actions that they take, and this is what is portrayed and conveyed in the model. This is the first book of a four book series. Bruce Koerber has given to the world (and to the science of economics) an alternative macroeconomic textbook. After twenty years of study and contemplation of the literature of classical liberalism the seed of a model appeared in a dream and it is from that seed that all of the variations of the model came into existence. One parallel outcome is the expansion far beyond what exists in the economic literature regarding the uses of production possibilities frontiers (PPF), and understanding the causes of an expanding or a contracting economy. The macroeconomic perspective of this book, which culminates with the merging of the model and sound theory, ultimately comes to a conclusion with eleven clear, ethical, and practicable policies. I m always glad to see a new approach to solidly reasoned economic theory that may be able to reach a new segment of the population. Jim Cox, author of The Concise Guide to Economics The economy, it turns out, is something More Than Laissez-Faire and that is because there is absolutely no moral authority for human intervention into the economy. Up until now the human science of economics has recognized the physical and the intellectual reality of human beings but at that point it stops. True science, however, continually advances into the unknown using valid scientific methodology. This is...
