

Are Prescription Drugs Really Safe?: A Summarized Expert Review on Drug Safety Written for Everyone to Understand

By Dr Vera M Madzarevic

Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.Empowering patients on treatment options allows the proper understanding of expectations and enables active participation in health care decisions. One component of empowerment is information. Understanding what drugs safety is, promotes better treatment conformity and facilitates the recognition of side effects that may become a serious issue. This book contains information every person that is taking either prescription or over the counter medications should have access to. Drug safety is ultimately the most important goal of the pharmaceutical industry, but what does it mean for ordinary people? One of the issues regarding drug safety is that drug information on their safety and efficacy in lay language is scarce and not easy accessible. It is not always easy to understand what drug safety means and how it can affect your life. This book provides patients with a simplified approach to drug safety. Concepts are clearly presented, easy to read and with take away points were incorporated to allow further reference. The topics covered include: The drug safety concept Brief his-tory of drug development The randomized controlled...
