EFFECT OF AGING ON RESPONSE TIME OF NUCLEAR PLANT PRESSURE SENSORS (PAPERBACK)

Createspace, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This report provides key results of a six-month feasibility study on the effects of normal aging on the performance of pressure transmitters in nuclear power plants. Using experimental methods for response time testing of transmitters and aging tests on representative transmitters, the authors found that five reasonably effective methods are available for response time testing of pressure transmitters, two of which provide...
