Reviews

This type of pdf is every little thing and helped me searching forward and more. It can be written in easy words and phrases and never hard to understand. You will not really feel monotony at anytime of your respective time (that's what catalogues are for about should you request me).

Corrections in designs can be worked out in this way at a small cost and in a few days, in some cases a few hours. If left entirely to the service to develop it would take years, and many, many thousands of dollars. Men who do not believe in this method of investigation are getting scarcer every day, and if you do not believe in it, don t tell the other fellow, as you may be sure that he is politely smiling to himself. We have had a great many hundred men from all walks of railroad life visit our laboratory, and they invariably say they were glad to have been there. With the work of our special engineers, assisted Fig. 2-- Snows The 30,000 Pound Pendulum Hauer Which ts A GREAT EDUCATOR. by outside experts, and the information from the railroad employes on the firing line, as we might say, some features stand out very distinctly: 1st. The cost of maintenance due to natural causes, viz: wear, is very small; on a 55-ton capacity car it should not exceed \$25.00 per car per year. 2nd. The unnatural cost which includes all maintenance not due to natural cause can be traced to shocks and is Waste because they can be eliminated and any thing that can be eliminated and is not,...
