Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from A Handbook of American Speech The writer has frequently been asked to prepare a textbook to be used by teachers without special training. He does not believe that a book can be written which will wholly take the place of personal instruction. He does think, however, that it is not impossible for an untrained teacher to teach some of the fundamental facts of correct speech from a simple text. The handbook is such a text. It is for use in the English class room and out of it by the pupil. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
