

## Say it with Shapes and Numbers

By Marlene Kliman

Tumblehome Learning. Paperback. Book Condition: new. BRAND NEW, Say it with Shapes and Numbers, Marlene Kliman, Play games, build towers, move to the beat, and go on a pretend picnic--all with math Developed by the Mixing in Math group at TERC, an education nonprofit, and based on research funded in part by the National Science Foundation, this book is packed with all kinds of math games for matching colors with numbers, comparing and counting, and simple addition and subtraction. These projects and games, which use everyday materials such as paper towel tubes and cardboard boxes, can be used as icebreakers, party games, and group activities for indoors and out as well as special events throughout the calendar year. Whether in the car, on the bus, in a waiting room, or at the dinner table, the varied games and activates in this book serve as the perfect introduction to math for young children.

### Reviews

*This book is really gripping and interesting. Of course, it is actually perform, still an interesting and amazing literature. You will not truly feel monotony at whenever you want of your time (that's what catalogues are for concerning when you request me).*

-- **Claud Schaden**

*A must buy book if you need to adding benefit. This is for anyone who statte that there had not been a well worth reading through. Its been designed in an exceptionally straightforward way which is simply right after i finished reading this book where basically changed me, change the way i think.*
