

Old Testament Studies: A Class Book (Classic Reprint)

Filesize: 6.8 MB

Reviews

Merely no words to clarify. I could comprehend almost everything using this published e publication. It is extremely difficult to leave it before concluding, once you begin to read the book.

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from Old Testament Studies: A Class Book These Old Testament Studies are designed as a guide for the study of the Old Testament. They will largely fail of their purpose if they are used apart from the Old Testament. Much so-called Bible study of our day is a study of books about the Bible rather than a study of the Bible itself. Dr. G. Campbell Morgan bears personal testimony in this connection: It was out of a deep sense of perplexity that I turned from books about the Bible to the Bible itself. The result of my own experience has been a discovery of unity which to me is the final proof of Divinity. Beginning with the Old Testament and moving systematically forward, I discovered that each book demanded another, and that when Malachi had been reached, the whole collection demanded more. In other words, I found that step by step I had proceeded through history and through teaching, all of which pointed toward a Coming One. Then, turning to the New Testament, I found the answer to all the expectation created in the reading of the Old. Whether this book is studied in class or used by the individual, it should be regarded merely as a suggestive guide and the Old Testament Scriptures should be used as the real text. In the Outlines, which precede the chapters, full Scripture references are given, while briefer references are suggested for reading and study. These Scripture readings may be assigned as lessons alternately with the chapters in the class book. These Studies are designed to convey a view of Old Testament history in its broad outlines.
