DHS is responsible for providing safe, secure, and humane confinement for detained aliens who may be subject to removal or have been ordered removed from the United States. For example, during fiscal years 2014 and 2015, Border Patrol apprehended 823,768 aliens and held them temporarily in holding facilities. GAO was asked to examine DHS s management and oversight of holding facilities. This report examines the extent to which DHS has (1) standards in place for the short-term custody of aliens and monitors compliance with established standards and (2) processes in place for obtaining and addressing complaints from aliens in holding facilities. GAO reviewed CBP and ICE data on time in custody and complaints. GAO also interviewed agency officials and visited 32 holding facilities selected based on geographical location and facility type, among other factors. The visit results are not generalizable, but provided insight to the oversight of holding facilities and management of complaints.
