By Joseph Ray

Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This novel is the complete set of Sons of Abraham, Volumes One, Two, and Three. The setting is the future, the year 3026. Around the 2500 s, mankind struggled to maintain their populations as vanishing resources and growing populations left billions starving. What is mankind to do when the most brilliant minds are unable to save mankind? Build a better mind. The first Cybers were created, using cybernetic processors and storage drives to enhance a small group of scientist. The first generation Cybers worked feverishly to solve the issues, each taking a different approach towards solving the dilemma of a dying planet. Now, over five hundred years since the first Cybers were born, mankind still finds themselves plagued with problems. The Earth still remains a shell of a world, the population now dwindling below one billion, and still unable to feed their own. Terraformed planets, such as Taurus, import the vital agriculture to sustain the population, while other planets focus on their own economies. Each planet is populated with the various races and cultures from Earth s past, seeing new...
