## STRUCTURE OF THE EARTH AND THE MOON ON THE SEISMIC DATA

Structure of the Earth and the Moon on the seismic data  
The results of the interpretation of the data of seismological networks.

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | The results of the interpretation of the data of seismological networks | Based on record section seismogram of earthquakes, registered global network draw travel-times of refracted and reflected short longitudinal seismic waves propagating in the mantle and core of the Earth. For these travel-times obtained the velocity distribution in the mantle and core are in good agreement with the observed data. Velocity curve for the Earth&apos;s core is well explained by the...

### Reviews

*This pdf is very gripping and fascinating. We have read and that i am certain that i am going to going to read once more again in the future. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- **Burnice Cronin**

*Merely no phrases to spell out. I am quite late in start reading this one, but better then never. Your way of life period is going to be enhance once you complete reading this publication.*

-- **Joanie Hamill I**
