Createspace Independent Publishing Platform, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This environmental assessment (EA) addresses the potential environmental impacts of a proposed project located at the Morgantown, West Virginia, site of the National Energy Technology Laboratory (NETL). The Performance Verification Laboratory (PVL) project was proposed in response to the American Recovery and Reinvestment Act (ARRA) Facilities and Equipment Upgrade Lab Call #09-002. NETL will design, construct, and make operational a U.S. Department of Energy (DOE) PVL facility for verifying the energy performance of selected appliances and equipment to facilitate improved enforcement of DOE energy conservation standards and DOE/Environmental Protection Agency (EPA) ENERGY STAR(R) programs. The PVL facility will build upon the capabilities of NETL's existing Appliance Technology Evaluation Center (ATEC). Currently, ATEC is used to help DOE improve its test procedures through experimental investigations (testing and other evaluations) of appliances/equipment. PVL will expand the current ATEC capabilities and add large-scale performance verification testing that will complement DOE's increasing focus on emerging equipment and appliance standards activities. The resulting data from this facility will enhance existing standards and test procedure development at NETL, as well as provide a valuable resource to support compliance and enforcement activities for the Energy Conservation Standards program within DOE. Executive Order 13123, Greening the Government Through Efficient Energy Management, requires federal agencies to improve their environmental and energy performance and to meet specified environmental performance goals. Constructing an energy efficient green building would allow NETL to reduce electricity use and meet environmental performance goals. This EA has been prepared to satisfy requirements of the National Environmental Policy Act (NEPA) of 1969 (42 United States Code 4321 et seq.) and its implementing regulations found in Title 40, Code of Federal Regulations (CFR), Parts 1500-1508 (Council...
