

God for the curious unbeliever (Paperback)

Filesize: 3.24 MB

Reviews

The publication is straightforward in study safer to recognize. It is written in straightforward words and never hard to understand. It has been printed in an extremely straightforward way and it is just after I finished reading this book through which basically modified me, affected the way I think.

(Percy Bernhard)

GOD FOR THE CURIOUS UNBELIEVER (PAPERBACK)

Panarc International Ltd, United Kingdom, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The author takes on the toughest questions about the nature of existence: Why is there something rather than nothing? Why is there this particular something? What exactly is this something? Why is this something governed by rules? What are we to make of the human experience? How can the human experience help to answer other existential questions ? Does God exist? and, on the basis of fact and through the application of reason, he ruthlessly dissects each issue to provide the best available answers. He invites the reader to join him on a journey. What do you need? An open mind. A willingness to accept conclusions if they are clearly based on facts and reason, even if the conclusions are counter-intuitive. He promises there will be nothing complicated as you move forward. It s a journey anyone can take. Only those whose minds are closed will fall by the wayside. Anyone who is hoping they will find absolute truth, whatever that means, will be disappointed. As you progress, the author concedes, you will have to make compromises at every stage. But the journey is still worthwhile because, at the end, although you won t have absolute truth, you will have come as close to it as is possible. And you will have avoided the irrational excesses of the extremists on either side of the existential debate. The author gives this warning. You will be asked to rethink many of the certainties which you take for granted and believe are true - because they are not true. The material world is not what you think it is. Space and time are not what you think they are. Simplistic answers to existential questions...
