This publication is indeed gripping and intriguing. It is actually written in basic terms and not difficult to understand. I am just pleased to explain how here is the greatest publication we have read through during my own lifestyle and could be the best pdf for at any time.

AuthorHouse UK, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The Fourth International theory is a book that attempts to put into place a framework of how to implement Direct Democracy as envisioned by the Ancient Greeks and many other political theorists and thinkers. This is an attempt to find a British way of implementing the will of the people more effectively. For too long politics has been top down from Tyranny to Dictatorship ti Authoritarian rule to Liberal Democracies, Autocracies and Monarchies and so on and so forth. This is an attempt to bring the World a bottom up form of politics and political theory. We do not pretend that this is a perfect system it is far from it, however, it is an improvement on our current system of top down Authoritarian Dictatorship, some might argue is an actual Dictatorship and fairly so. This book could not have been compiled without the suffrage of many millions of people Worldwide and without the tried and tested methods of other ways of politics, namely the first three ways of politics. It could also, of not been possible without the works of Hugo Chavez Frias, the Jamahriya and Green Book of Muammer al Gaddafi and Gamal Abdel Nasser Egyptian President from 1953-1970. Although this does not mean that we endorse all that these men may or may not have been aledgly involved with or not. I hope that this is the guide for the Revolution that ends all Revolutions.
