Pearson Education, 2009. Softcover. Book Condition: Neu. Neu Neuware. Schnelle Lieferung, Kartonverpackung. Abzugsfähige Rechnung. Bei Mehrfachbestellung werden die Versandkosten anteilig erstattet. - This theoretically balanced text provides the latest research findings and a consistent structure to help students analyze major social problems facing the United States. The authors present both sides of an argument with a neutral voice and use a "down-to-earth" writing style. When students complete this text, not only do they gain a sociological understanding of social problems, but also they are able to explore and evaluate their own opinions about specific social problems. They will gain a greater awareness of the social forces that shape their orientations to social problems and their perspectives on social life. The ideas in this book, then, can penetrate students' thinking and give shape to their views of the world. Features: Introduces students to the study of social problems: An emphasis on theory and research consistently demonstrates how to apply sociological theories to social problems: Analyzes the latest research and social trends to give direction to social problem. Spotlight on Research boxes - major researchers in social problems share an insider's perspective of how they became interested in a social problem and how they did their research. The three basic theories - symbolic interaction theory, functional theory, and conflict theory - are introduced early in the text; giving students the opportunity to immediately grasp the differences of these theories. Through out the text, these theories are applied to each social problem, providing a cohesive understanding of what otherwise might appear to be a disparate collection of problematic events and issues. Pedagogical Features: After the first three chapters, Social Problems uses the following framework to analyze each social problem: Opening Vignette Intended to arouse student interest in the social problem and to stimulate the desire to read more, this brief opening story presents essential elements of the...
