Reviews

It is one of my personal favorite books. It is written in easy terms and never hard to understand. It has been designed in an exceedingly easy way and it is only after I finished reading this publication that I changed the way I think.

Taylor Francis Ltd, United Kingdom, 2016. Paperback. Condition: New. 7th New edition. Language: English . Brand New Book. Practical Recording Techniques covers all aspects of recording, perfect for beginning and intermediate recording engineers, producers, musicians, and audio enthusiasts. Filled with tips and shortcuts, this hands-on, practical guide gives advice on equipping a home studio (whether low-budget or advanced) and suggestions for set-up, acoustics, effects, choosing mics and monitor speakers, and preventing hum. This best-selling guide also instructs how to mike instruments and vocals, judge recordings and improve them, work with MIDI and loops, do mastering, and put your music on the web. Two chapters cover live recording of classical and popular music. New in the seventh edition: Complete update of all types of recording equipment, plug-ins, and recording softwareIncreased focus on current industry and classroom trends like DAW signal flow and operation (during recording and mixdown), while still covering analog fundamentalsUpdated organization to focus and break up topicsUpdated tips on optimizing your computer for multitrack recording - for both Windows and MacNew sections on streaming audio, mobile-device recording, live recording with digital consoles, and psychoacousticsListen Online boxes highlight where audio samples on the website relate to chapter discussionsUpdated companion website with audio examples, articles, and suggested activities, plus expanded and more user-friendly links to the best sites for videos and articles, recording techniques, equipment, and other learning resources. Instructors can download figures from the book, the audio files, and a test bank.
