

The Herald of the Golden Age and British Health Review, Vol. 14: April, 1911 (Classic Reprint) (Paperback)

Filesize: 6.19 MB

Reviews

Certainly, this is the greatest work by any author. It can be written in easy words and phrases rather than confusing. I am just happy to let you know that this is actually the greatest ebook we have studied inside my individual daily life and may be the greatest ebook for at any time.

(Trent Monahan)

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Herald of the Golden Age and British Health Review, Vol. 14: April, 1911 The Author, who has devoted much time to the study of this subject, records some of his own remarkable experiences as an investigator, and also presents some startling conclusions, deductions and arguments in a manner both forceful and convincing. Sir William rightly believes that our inherited prejudices and superstitions should be put aside, and that Spiritual Science and its phenomena should be studied with the same logical acumen and common-sense that is devoted to other forms of Science, such as electricity, wireless telegraphy and aeronautics. These latter were but little understood a few years ago, whereas now they are harnessed in the service of mankind; the same process must happen with regard to spiritual or superphysical forces that are, as yet, beyond the pale of popular understanding, because of Man's materialistic limitations and ignorance. He has wisely made it clear to his readers that Spiritual Science is not discordant with Biblical teaching and that a great number of psychic facts and phenomena are recorded through out the Bible for our instruction. Such, when rightly apprehended and intelligently explained, fully corroborate the great truths revealed by the proven facts of modern Spiritualism, namely that the so-called dead are still living, and that angelic ministrations, instead of having ceased, is still taking place for the upliftment and help of human souls and the evolution of our Race. We avail ourselves of the assistance that knowledge of wireless telegraphy affords; why not find out something about, and accept (with cautious prudence, sound reason and careful judgment) the guidance, teaching and aid of those who inhabit higher spheres,...
