

My Journey Landing Heaven on Earth: Volume I (Paperback)

By Alfred Lambremont Webre

Universe Books, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.In MY JOURNEY LANDING HEAVEN ON EARTH, the Author reveals his February, 1973 multi-dimensional experience with an interdimensional entity that includes about 2-3 hours of missing time, along with evidence that the Extraterrestrials behind his 1973 multi-dimensional interaction may have coordinated a briefing between himself and former US President Jimmy Carter in their ET spaceship, leading to the 1977 Jimmy Carter White House Extraterrestrial Communication Study of which the Author was director. The Author, former Stanford Research Institute (SRI) futurist Alfred Lambremont Webre, JD, MEd, reveals in an exclusive May 24, 2017 Open Timelines interview that this book was not meant to be made public until 2025. The Author was directed by his Inner Guides to publish this book now, ahead of schedule. This book's revelations of a positive Presidential interaction with advanced ethical Extraterrestrial civilizations and of proposals for creating a positive future for Earth and humanity are made urgent by the immediacy of a Transhumanist threat by a sentient, inorganic, pathogenic, plasma-based AI Artificial Intelligence that is now invading Earth.
