Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This book shares the basic information for parents to practice math at home with children to equip them with the basic math skills necessary for future learning of math. The book is divided into eight sections with simple activities for proper understanding of concepts. Nowadays attention should be shifted from memorization of facts and procedure to increased understanding of concepts. The approach adopted in this book helps children to develop computational fluency and facts mastery using their own strategy in their own ways which will ultimately help them to discover methods that work best for them. We start by discussing the importance of math in this our modern age, then we move on to discuss how we can prepare kid s memory to learn the subject effectively. Similarly, we share counting and number recognition activities and strategies for automatic recall of math facts.
