### **Reviews**

*Completely essential study ebook. This is for all those who stutte there was not a well worth reading. I realized this book from my dad and i recommended this publication to find out.*  
*(Jarrell Kovacek)*

## ALTERNATING CURRENT MOTORS (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Alternating Current Motors A comparison of the present edition with the second edition of this book will show that the essential features of the recently developed split-pole variable-ratio synchronous converter are discussed in the simplest possible terms, there has been added a chapter on Synchronous Motors, in which all of the characteristics of this machine both as a motor and as a condenser are fully treated, and the chapter on the Prevention of Sparking in Single-Phase Commutators Motors has been expanded to include the recent improvements in commutating-pole motors. Throughout the whole book an effort has been made to distinguish between electrical-time degrees electrical space degrees and mechanical-space degrees. The importance of making such a distinction will be appreciated when one considers the uncertainty and confusion that must be produced in the mind of a person unfamiliar with the facts when he is told that in a certain multipolar machine two fluxes are in quadrature. The fact that many writers do not distinguish between the three different angles has caused the author to lay particular emphasis on these distinctions, in order to remove any confusion that may already exist in the mind of the reader. The book has been written and revised exclusively for the reader, - and the particular reader for whom the book is intended is assumed to possess a fair general idea of electromagnetic phenomena and wishes to acquire specific information concerning the various types of alternating-current motors. In selecting the methods of presentation, choice has been made of the treatments which serve to impart the maximum of information with the minimum of confusion. As one reviewer has aptly stated, The general method...
