HOW TO OBSERVE (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.All travellers do and must generalize too rapidly. Most, if not all, take a fact for a principle, or the exception for the rule, more or less; and the quickest minds, which love to reason and explain more than to observe with patience, go most astray. My faith in travels received a mortal wound when I travelled. I read, as I went along, the books of those who had preceded me, and found that we did not see with the same eyes. Even descriptions of nature proved false. The traveller had viewed the prospect at a different season, or in a different light, and substituted the transient for the fixed. Still I think travels useful. Different accounts give means of approximation to truth; and by-and-by what is fixed and essential in a people will be brought out.
