Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Legislation Relating to Farmers Institutes in the United States In order that legislation by the several States relating to the organization of farmers institutes might be generally accessible to institute directors and workers, copies of the laws under which the institutes were organized were secured by this office in 1903 and were arranged and published as Bulletin No. 135 of the Office of Experiment Stations. A revision of this bulletin was made August 1, 1905, embodying such modifications of the laws as had occurred since August 1, 1903. Since the date of this revision the institute laws in most of the States have been so modified by subsequent enactment as to make a second revision necessary. Copies of the old laws were accordingly sent to the several State directors of farmer s institutes with the request that where changes have occurred copies of the new laws be forwarded to this office to be inserted in the revised bulletin. The present revision includes legislation in force April 1, 1911. An examination of the institute laws of the several States reveals the fact that while they differ in their form and requirements as well as in the authority which they confer and the amount of money which they appropriate, yet they are one in their purpose to aid farming people by affording them opportunity to secure the latest and most reliable information relating to agriculture and to receive definite instructions through a living teacher as to the application of these truths in their every-day practice.
