The Journey Through a Distant Land: The Expansion of Modern Science by Amalgamating Royal Science (Paperback)

By Tzafir y Beggarmen N B

Createspace Independent Publishing Platform, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.It is said that knowledge is power. Modern science is looked at by many as being that knowledge that produces power. In this age of iron and clay, knowledge has been increased. This is very well seen in the technology of our time. Modern science has elevated to an impossible, and unbelievable feat of understanding. All the theories of the past that were preposterous to even contemplate about, has now come into a reality. Now, in the light of all these new understandings, these new advancements, and concrete evidences, we have not yet understood the root cause of this new knowledge. This is imperative to know, considering we are venturing to understand the universe in its entirety; all its powers, all of its functions, history, and origin. If we do not look at the origin of science itself, not what it does and what it can do but, the history and origin of science itself, we could very well be participating in something else altogether, that could lead us, (mankind), into a region and age of utter spiritual destruction. Instead of our...
