

Badiou and Politics (Paperback)

By Bruno Bosteels

Duke University Press, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book. Badiou and Politics offers a much-anticipated interpretation of the work of the influential French philosopher Alain Badiou. Countering ideas of the philosopher as a dogmatic, absolutist, or even mystical thinker enthralled by the force of the event as a radical break, Bruno Bosteels reveals Badiou's deep and ongoing investment in the dialectic. Bosteels draws on all of Badiou's writings, from the philosopher's student days in the 1960s to the present, as well as on Badiou's exchanges with other thinkers, from his avowed masters Louis Althusser and Jacques Lacan, to interlocutors including Gilles Deleuze, Slavoj Žižek, Daniel Bensaid, Jacques Derrida, Ernesto Laclau, and Judith Butler. Bosteels tracks the philosopher's political activities from the events of May 1968 through his embrace of Maoism and the work he has done since the 1980s, helping to mobilize France's illegal immigrants or sans-papiers. Ultimately, Bosteels argues for understanding Badiou's thought as a revival of dialectical materialism, and he illuminates the philosopher's understanding of the task of theory: to define a conceptual space for thinking emancipatory politics in the present.
