THE ART OF BETTING ON BASEBALL (PAPERBACK)

Booksurge Publishing, United States, 2005. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. THE ART OF BETTING ON BASEBALL - opens a new window in sports betting. I get exactly what the author is trying to convey. Insightful and innovative ideas on wagering on baseball. Based on actual results of wagering on baseball games during the course of the 2004 baseball season, one of the most memorable. The author uses strategic comparisons drawn from the Art of war and to the actual wager on a baseball game. The author makes a very valid point, baseball is a game of statistics and it collects so many statistics it can make a person give up in confused frustration! The author then explains why pitching and the quality of a teams pitching is the center of gravity and the impact pitching has on a baseball game, (like in war) is the focal point of the wager. The author provides pitching statistics useful to the handicapper and the most important statistic of all the Team Record Behind Starting Pitching - TRSP which provides the tell tale stat of when that particular pitcher starts how well the team hits behind the pitcher (win or lose), which then provides the indicator to take the over or under or take the team to win or lose - regardless of whether the game is played at home or away! This is the quality predictor of a games outcome - forget everything else! It Helped my baseball wagering immensely, all in all very informative and a good read. Also, provides helpful information on money lines, spreads, and the run-lines also includes a review of the best on-line betting sites and web-sites where you can find the best wagering information on games for free! Using the same logic...
