Routledge, UK, 2006. Paperback. Condition: New. First Edition. 318 Pages. NEW. Starting with an historical background tracing the evolution of the IMF, the book goes on to cover such themes as: \*The circumstances under which countries turn to the IMF \*The various aspects of IMF conditionality \*Institutional issues such as lending facilities and how the fund is resourced. Bringing together an array of articles, this excellent new book will undoubtedly be required reading for anyone with a serious interest in development studies as well as being an eye-opening read for policy makers involved with the IMF.
