

Adam Kadmon and Ein Sof: A Booklet about Their Meaning in the Field of Transpersonal Psychology (Paperback)

By Cengizhan Kaptan

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This book(let) elaborates on the Kabbalistic terms Adam Kadmon and Ein Sof and their similarities to archetypes and collective unconscious (and also to the Superconscious and Transpersonal Self in Psychosynthesis) in the field of transpersonal psychology. The findings culminate in the fact that the Kabbalistic system could be understood in our modern world, and many of the teachings of this system are in line with the notions developed by the pioneers of psychology. The understanding of the notions of infinity and archetypal structure will unveil some complexity about Kabbalah. Not surprisingly, both Kabbalists and transpersonal psychologists recognize the transcendent and transpersonal parts of human psyche, and offer Man paths to attain hidden treasures.
