HARDWARE DESCRIPTION LANGUAGE

Alphascript Publishing Feb 2010, 2010. Taschenbuch. Condition: Neu. Neuware - In electronics, a hardware description language or HDL is any language from a class of computer languages and/or programming languages for formal description of electronic circuits, and more specifically, digital logic. It can describe the circuit's operation, its design and organization, and tests to verify its operation by means of simulation.HDLs are standard text-based expressions of the spatial and temporal structure and behaviour of electronic systems. Like concurrent programming languages,...
