Reviews

Merely no phrases to describe. It generally does not price an excessive amount of. Its been designed in an extremely simple way in fact it is simply soon after i finished reading through this pdf through which really altered me, modify the way i really believe.
(Natasha Rolfson)

PRACTICAL DV FILMMAKING

Taylor Francis Ltd, United Kingdom, 2005. Paperback. Book Condition: New. 2nd Revised edition. 244 x 185 mm. Language: English . Brand New Book. Written for the beginner, Practical DV Filmmaking guides you thorough the process of making a film with low-cost digital equipment: from development through to production, post-production and distribution. While the technical tools you need are fully explained, the book concentrates on filmmaking principles throughout, illustrating how these tools can be used to achieve stylistic approaches for innovative filmmaking. The book assumes no background knowledge in either technology or filmmaking and is divided into four key areas: *DEVELOPMENT: turn your idea into a workable script, storyboard and schedule. *PRODUCTION: develop skills to shoot original short films and turn a zero-to-low budget to your advantage. *POST-PRODUCTION: learn basic editing techniques to enhance your original idea using iMovie, Premiere and other popular tools. *DISTRIBUTION: set up a website and use the internet to promote your film. Includes numerous links to useful websites. Plus, top tips for how to enter a film festival and a new chapter on developing a career. Projects enable you to master each step of the process taking you through different aspects of filmmaking today. Gradually you will find out where your strengths lie and how to make the most of them. The book also encourages stylistic development by intruding theoretical approaches to filmmaking. A glossary of terms plus an appendix of resources make this guide a one-stop essential handbook to DV filmmaking practice for beginners and student filmmakers.
