Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Clifford s Manual of Recitations in Materia Medica, Pharmacy and Therapeutics That a new era is dawning in our methods and systems of education, is evident to the progressive element in all branches of medical science. The essential requirement of the present is crystallized knowledge. In the preparation of this work, I have endeavored to collect and arrange in a concise form, such facts as will assist and benefit the student in gaining that knowledge necessary for him to have at his command. These facts are scattered through many volumes. Time, of course, has been spent in their collection, and no hesitancy felt in using freely the literature at hand, the language in many instances being verbatim that of the author quoted. The object being to assist the student to a better and higher education in one of the fundamental branches of medicine, if that end could be attained better through the thoughts of others, I have unhesitatingly adopted their words. The recitation system also has proven so helpful to the members of my classes as to inspire the belief that others would appreciate the method of questions and answers. Some attention has been given to the subject of Pharmacy, the hand-maiden of therapeutics, including as it does a knowledge of the art and science of preparing medicines. It is not claimed that a work of this size will contain all knowledge upon these branches of science: it is hoped, however, that it does contain the salient and important facts as understood in this day. To the authors whom I have consulted and used, I tender grateful acknowledgment. About the Publisher Forgotten Books publishes hundreds of thousands of rare and...
