

The Future of Batterer Programs (Paperback)

By Edward W. Gondolf

University Press of New England, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book. Batterer programs are at a critical juncture, with a handful of experimental program evaluations showing little or no effect from the prevailing program approach. This finding has prompted calls to overhaul or replace such programs. Edward W. Gondolf examines batterer research in light of the push for evidence-based practice and advocates a progressive evolution of batterer intervention as it currently stands. Cautioning against the call for programs based on a new psychology, he argues that current cognitive-behavioral approaches are appropriate for most cases, with the addition of ongoing risk management for severely violent men. Overall, he promotes a broader picture of batterer intervention and advocates better implementation of the basic principles established in the criminal justice field.

Reviews

Certainly, this is actually the best job by any article writer. It can be loaded with knowledge and wisdom I realized this pdf from my i and dad advised this book to discover.

-- **Ms. Verlie Goyette**

Definitely one of the better book We have possibly read. We have read through and i also am certain that i am going to gonna study once again yet again in the foreseeable future. Once you begin to read the book, it is extremely difficult to leave it before concluding.
