

Public Health in East and Southeast Asia (Global, Area, and International Archive)

By -

University of California Press. Paperback. Condition: New. 360 pages. Public Health in East and Southeast Asia presents an overview of the state of public health across this vast region and considers the challenges and prospects for its future advancement. It pays particular attention to how rapid economic progress has brought accelerated change, both demographic and epidemiological, to an area already marked by great heterogeneity in health status and public health systems. In comparative and thematically oriented chapters, leading scholars consider such issues as changes in values and lifestyles, infectious diseases, nutrition, tobacco, chronic diseases, accidents and injury, environmental health, occupational health, the effect of globalization, and health services. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.

Reviews

This book is definitely not effortless to start on reading through but extremely fun to learn. Better then never, though i am quite late in start reading this one. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- Aliya Franecki

Basically no words to describe. It is filled with knowledge and wisdom I am just pleased to let you know that this is actually the greatest publication i have read within my individual lifestyle and may be he best publication for at any time.

-- Prof. Ron Gaylord II
