## THE COMPLETE WORKS OF THOMAS DICK, VOL. 2 (CLASSIC REPRINT)

Forgotten Books. Paperback. Condition: New. This item is printed on demand. 754 pages. Dimensions: 9.0in. x 6.0in. x 1.5in. Excerpt from The Complete Works of Thomas Dick, Vol. 2: The following pages were written under the impression, that the visible manifestations of the attributes of the Deity are too frequently overlooked by Christians in their views of the great objects of Religion, and in the worship they offer to the Father of their spirits; and are intended to show, that the teachers of Religion, in imparting instruction either to the old or to the young, ought to embrace a wider range of illustration, in reference to divine subjects, than that to which they are usually confined. Throughout the whole of the discussions contained in this work, the Author has pursued his own train of thought; and in so doing, he trusts that he has been enabled to render some of his illustrations more interesting to the young and untutored mind, than if he had adhered rigidly to the sentiments of others, and to the technical language of science. The sketches of the different sciences are not mere extracts or compilations, but are, for the most part, original composition - in which it has been his main object to embody as many facts as his limits would permit - in order to excite the inquiring mind to further investigations into the different departments of physical science. It is presumed, that no Christian reader will for once imagine, that the views illustrated in this work are intended to be substituted in place of the peculiar revelations of the Bible. The object of the volume is to illustrate the harmony which subsists between the system of Nature and the system of Revelation; and to show, that the manifestations of God in the material universe ought...
