Reviews

The book is great and fantastic. Better than never, though I am quite late in starting to read this one. I realized this publication from my dad and I advised this ebook to find out.

(Dr. Blair Mann)

ROUTES IN ABYSSINIA (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from Routes in Abyssinia The object of this compilation is to collect together the information on the routes in Abyssinia which is scattered through the works of different travellers. This information has been arranged in the following order: - General description of the country and of the different routes by which it can be entered. Short outline of the nature of the Government, the religion and character of the inhabitants, the currency, the military system of the country, and the career and character of the present Emperor Theodore. Reference to the Portuguese expedition of 1541, and to the places of entrance into the country which have been adopted by travellers since the 16th century. Detailed account of the routes leading from Massowah and Ausley Bay to Gondar and Magdala. Extracts from works of various travellers bearing upon the different lines of roads. A map, compiled from the records of travellers, is given at the end. The orthography of names of places, c., in Abyssinia is so indefinite, hardly any two travellers agreeing, that it has been found impossible to avoid, in all cases, discrepancies of spelling between the maps and the text. Abyssinian villages and towns appear to be often of a very temporary nature, and those recorded by one traveller are often not mentioned by the next one who follows the same route; some of the places laid down may therefore be no longer in existence, and others may have sprung up. The data also for laying down many of them are of very doubtful accuracy. Compiled at the Topographical and Statistical Department of the War Office, by Lieut.-Colonel A. C. Cooke, C. B., R. E....
