But very few people knew that he was quietly running the largest hedge fund in the world, a fund that eventually spread to over forty nations and handled tens of billions of dollars. Harry Markopolos was a little-known number cruncher at a Boston equity derivatives firm analyzing investment products. A marketer for that firm, Frank Casey, handed Harry a prospectus outlining Madoffs strategy and asked him to create a similar product. Harry sat down and looked at the numbers. The numbers didnt add up. For the next ten years, the investigative team Markopolos recruited warned the government, the industry, and the financial press that the largest and most successful hedge fund in the industry was a total fraud and that the respected and admired Bernie Madoff was a crook. But no one would listen. This is the thrilling, complete story of the pursuit of the greatest financial criminal in history. The incredible investigation takes listeners inside the financial industry, revealing the never-before-told stories behind the headlines. No One Would Listen is the frighteningly true story of massive fraud, governmental incompetence, and criminal collusion that has changed thousands of lives foreveras well as the worlds financial system.
