Elsevier Health Sciences, United Kingdom, 2004. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Opticianry is a large and growing ophthalmic specialty. This practical resource provides readers with a basic working knowledge of optics and office procedures. Offering a solid foundation of need to know information within about 4 weeks, this handbook is an ideal, basic reference for the non-optician receiving on-the-job training. Essential information is presented in a clear and easily digested format. A trainer schedule/checklist provides consistency in training. Coverage of optics provides readers with the basic knowledge they need. Assessments are included at the end of each section to help assess the level of knowledge. Answers are included at the end of the book. Each level begins with objectives and a list of tasks to master, so readers know exactly what is expected of them prior to beginning each section. Up to date references and suggested readings refer the reader to additional titles for more in-depth coverage. Basic line drawings of anatomy and spectacle lenses enhance reader understanding and comprehension of each topic presented.
