Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Zoology of New York, or the New-York Fauna, Vol. 3: Comprising Detailed Descriptions of All the Animals Hitherto Observed Within the State of New-York, With Brief Notices of Those Occasionally Found Near Its Borders, and Accompanied by Appropriate Illustrations IN the General Introduction to this work, a few facts were noted, to illustrate the peculiar position of this State in reference to the number and variety of its animal species. In continuation of this subject we may remark, that by means of the great lakes Ontario and Erie on our northern and western borders, we have numerous northern lacustrine fishes. Through Lake Champlain we have many northern ?uviatile species; by the Alleghany river ascend numerous western species; and while our numerous rivers teem with those of fresh water, our extensive sea-board furnishes us with marine species ranging from the coast of Labrador to the shores of Brazil. It cannot therefore fail to be perceived that the Ichthyology of New-york will embrace a very large proportion of the Fishes of the United States and that the following pages can only...

This book will never be straightforward to start on looking at but extremely exciting to read. I actually have read through and that I am sure that I am going to gonna go through once more again in the future. I am happy to explain how this is the very best book I have read through in my individual lifestyle and may be the best publication for at any time.
