Excerpt: . . . their testing will be completed and necessary fixes made in time for IOC at the end of June. However, the ERA program faces near-term challenges in achieving IOC of the base system. Unforeseen problems uncovered through testing could lead to further delays. According to NARA, it is mitigating the risk of delays by paying close and continuing attention to the testing process, through such actions as the weekly meetings of NARAs test team. Delays in achieving IOC could lead to further delays in the development of ERA and the success of the Archives long-term plan for electronic records management and preservation. In September 2007, the contractor demonstrated to NARA a prototype for EOP System Is Being the EOP system, designed to show the ability to address basic Developed, but Completing requirements for processing presidential electronic records, such as rapid the Development in Time ingest of records and ability to search content. To ensure that the EOP for the Presidential system would be available by the change of Administration, NARA...
