Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. May 16th, 1869 My name is Taran Collins. I take pen to paper to let anyone who follows after me a warning. If you come after me you can expect trouble. I don't know of what kind per se, but well let's just leave it at that. You've been warned. Regards, Taran Collins P.S. I'm not coming back. That much I am sure of. My story isn't an easy one, but my hope is that my fortune will change, Godwilling. The town of Orlaca wasn't a thriving place. Situated at the base of a mountain in the northern region of Arizona it didn't have much going for it other than scenic views and the wistful dreams of the few who called it home. Built as a boom town before the Civil War by those in search of gold, it later lost its luster when gold became hard to find. Unknown to the latest people to come to this remote stretch of land was that of the oral history of the Native Americans, who'd called it home for far longer. To them it was a sacred land. A place where wind and fire met and became one. Fire Wind is the beginning of a series of western sci-fi novels that feature adventure, action, and faith. Christian Speculative Fiction - learn to love it!
