

## The Ten Real Life Exploits That Da esh / Isis Use to Hack the World: A World Money Laundering Report Special Issue (Paperback)

By Nigel Morris-Cotterill

Createspace, United States, 2015. Paperback. Condition: New. Special. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Essential Reading on the rapid rise of ISIS and how it will influence global organised crime. Da esh / ISIS / ISIL / Islamic State is the biggest threat to the world since the Ice Age. That sound dramatic but in terms of its ability to destabilise the world, politically and economically, even world wars have had limited impact. Da esh has no geographical boundaries. It has no political opposition. It uses technology to function, recruit and communicate in ways that none of history s great armies could conceive of. Da esh has an appeal to certain types of individual who, in simpler times might have joined a street gang or run away with the circus. It convinces vulnerable people that there is glory, charisma and heroism in joining it. And yet, much of its growth and the reasons for success are to be found in the way that the world functions. Da esh is able to identify characteristics within societies and exploit them. To use the current, vogueish, term, Da esh is able to identify exploits and hack the world. Researched...
