

Lupus, the Disease with a Thousand Faces: Why This Dreadful Disease Continually Goes Undetected and Untreated by the Medical Community (Paperback)

By Rick Saldan

Createspace Independent Publishing Platform, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This book examines several of the reasons why a disease as dreadful as Lupus continues to remain unrecognized, undiagnosed and untreated at a time when incredible breakthroughs have been made with countless other diseases. Lupus is often a debilitating disease that silently destroys the lives of its victims, dismantling every aspect of their lives block by block. In many ways, Lupus can be viewed as a modern-day form of Leprosy. Its sun sensitive victims often have to hide in darkness because the sunlight causes them such extensive pain and a number of other symptoms. Their social calendars go haywire because they never know when the Lupus flare-ups will strike and all plans have to suddenly be canceled. They agonize when so many around them make comments like, Oh, she looks absolutely fine. I don't think anything is wrong with her. It's probably all in her head. Lupus is a chronic, inflammatory disease in which the body's immune system fails to serve its normal protective functions and instead forms antibodies that attack healthy tissues and organs. Up to 2 million...
