Building Portals with the Java Portlet API

By Jeff Linwood, David Minter

Paperback. Book Condition: New. Not Signed; How do developers bring existing applications into a portal? How do developers integrate content management systems and search engines with a portal? And how do developers get started with the Portlet API? Jeff Linwood and Dave Minter show you how to solve these real problems in Building Portals with the Java Portlet API. This book describes the new Java portlet API, including security, portlet life cycles, and portlet interaction with servlets and JSP. The examples will work on any portal that complies with the JSR-168 portlet API. Several example portlets are developed to give you hands-on portlet experience. You'll even learn how to port existing servlet and JSP applications into a new portal environment. The authors also discuss Single Sign-On (SSO) using Kerberos and the GSS-API, syndicating content with RSS, and integrating a charting solution with JFreeChart. Other topics covered are the open-source Apache Jakarta Lucene search engine, personalization, portlet configuration, portlet preferences, and Web Services for Remote Portals (WSRP). XDoclet is also used throughout portions of this book. Table of Contents * Introduction to Portals and Portlets * Portlet Basics * The Portlet Life Cycle * Portlet Concepts * Using Servlets and JavaServer...

Reviews

The best publication i actually study. I actually have study and so i am confident that i am going to likely to study once more yet again later on. You will not sense monotony at at any moment of your respective time (that's what catalogs are for relating to if you ask me).
-- Ernest Bergnaum

This book is indeed gripping and interesting. It really is rally exciting throgh studying period. Its been written in an extremely easy way and is particularly merely soon after i finished reading this book through which in fact changed me, affect the way i think.
-- Aisha Lemke
