Createspace, United States, 2011. Paperback. Book Condition: New. 203 x 133 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Teenager Lisa Herbert lives in the small town of Mountain View on the planet Fairfield. The Savage Rain decades earlier shut down the hyperspace gate and isolated her world. A casual remark from her sister gets Lisa to ask a simple question: If life was better before the Savage Rain, why couldn t it be better again? That question starts Lisa on a journey. She reactivates Fairfield s H-gate and travels to three worlds. Each planet offers her a chance to improve life by hard work, by trade, or by making friends. She relies on her brains, her compassion, and a little sneakiness to solve the problems she faces. Lisa s Way presents a heroine more interested in reasoning than fighting, and more concerned with doing good than looking good. The novel s emphasis on character rather than technology combined with it s almost agrarian sensibilities make it a great one for fantasy fans who thought they could never enjoy science fiction. By the same token, this is a particularly good novel for teens and young adults looking for something that s not another Harry Potter clone. - David Lee Summers, Tales of the Talisman.
