## Harrisburg: 15 Historic Postcards

By Jeffrey Adams

Arcadia Publishing (SC), United States, 2009. Other merchandise. Condition: New. Language: English . Brand New Book. Harrisburg lies on a broad swath of the great Susquehanna River, punctuated with its distinctive bridges. Founder John Harris ventured beyond the frontier and established a ferry in 1733 that ushered the pioneer migrants as they trickled west. Many stayed on to establish a city that became the legislative seat of Americaas most industrious state. The unusual vintage postcards in Harrisburg illustrate the history of a city that played an important role in the Civil War and politics of a growing nation. From canals to superhighways, Harrisburg was always one step ahead of others. Birthplace of the steel mill and transportation giant of the North, this city is a story of triumph, tragedy, and rebirth.
