By Terrance M. Weik

University Press of Florida, United States, 2013. Paperback. Condition: New. Reprint. Language: English . Brand New Book. In the days of slavery, people of African descent sought to protect their human rights, escape from bondage, and combat exploitation. Their actions varied across different settings and times, and included accommodation, collaboration, autonomy, and militancy. This volume focuses on the evolution of antislavery resistance by examining material culture, documents, oral traditions, and other evidence that illustrate how enslaved people fought for their freedom. Terrance Weik presents readers with case studies accumulated from the material record left by Maroons in the Americas, Black Seminoles, and the Underground Railroad. He specifically highlights the way archaeologists contributions have added to our understanding of struggles for freedom from slavery that were pursued by people of the African Diaspora in the Americas and their allies. Weik encourages readers to consider the global dimensions of antislavery resistance as well as issues that continue to spark debate today, including racism, cultural survival, self-determination, and inequality.

Reviews

Very useful to any or all group of folks. It really is rally interesting through reading through period of time. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Mrs. Dorris Wintheiser

This publication is fantastic. It really is full of knowledge and wisdom You are going to like just how the author write this publication.

-- Harmon Watsica II
