The Day of War helps readers understand the strategies and the weapons that are available to us for this day. For those who have been walking in faith for many years, it will refresh and affirm many things you already know, as well as help you to go deeper in your understanding of spiritual warfare. For those newer in the faith, The Day of War will help to lay a solid foundation for fighting the spiritual battles in life with God's mighty power. Eventually he left all that behind to...
